What Makes the T.E.A.M. Culture Program Unique?

By focussing on the foundational pieces of a healthy and dynamic work culture:

- Trust/Transparency
- Autonomy/Agency
- Engagement/Equity

We can pinpoint the areas and issues that people care about, the factors that influence their attitudes, thoughts and behaviours which translate into productivity, creativity, innovation, and cooperation.

Happy and Engaged employees deliver their full potential, which equals better outcomes, less turnover and higher profitability.

Getting these 8 Critical Pieces right, will lead to improvements and gains across all areas of the organisation.

- ➔ Employees in strong, positive cultures are **17%** more productive.
- ➔ Organizations with a robust culture of innovation are **350%** more likely to experience above-average revenue growth.
- ➔ Positive work climates lead to improved employee health, which boosts commitment, engagement, and performance.

We measure, develop strategies for improvement, implement and measure again for gains. This is a BIG PICTURE, WHOLE CULTURE approach that provides the prevention and the cure!

Forget the fancy high priced consulting firms, this program is relevant, specific, practical and gets results. Everyone is involved, can relate to each area, and a wave of cooperation flows over the organisation. Our people feel heard and valued"
